

Ecoguss drain body glued flange, DN 70, Horizontal outlet

Article information

Item no.: 48578

GTIN: 4026092032626

Price group: 40

Description

The Ecoguss base body is used in combination with an attachment piece for point drainage, and is equipped with a removable odor trap, and a protective cover for the construction period.

The recyclable composite material Ecoguss meets the highest noise protection requirements, is temperature-resistant, resistant to aggressive media, and has a permanently corrosion-free surface. It is also briefly flammable from 100 to 400 degrees Celsius.

The loose flange is used for clamping polymer and elastomer sealing sheets as well as for cold bitumen seals. The outlet socket is suitable for connection to SML cast iron pipes. Separate equipotential bonding is not necessary.
