

# Ecoguss project drain, press. fl. DN 100, vertical, Design cover

## Article information

Item no.: 48811.63 GTIN: 4026092053423 Price group: 40

## **Advantages**

- Scientifically confirmed sound protection effect
- Highest fire protection standards

# Description

The Ecoguss project drain is used for point drainage and is equipped with a pressure sealing flange as well as a removable odour trap, a lip seal and a temporary protective cover.

The recyclable composite material Ecoguss meets the highest noise protection requirements, is temperature-resistant, resistant to aggressive media, and has a permanently corrosion-free surface. It is also briefly flammable from 100 to 400 degrees Celsius.

The pressure sealing flange with bolts and screws made of stainless steel is used for the clamping or welding of bitumen and polymer bitumen sheets as well as for polymer and elastomer sealing sheets. Only the sealing sheets tested by the manufacturer may be used for watertight seals. The outlet socket is suitable for connection to SML cast iron pipes. Separate equipotential bonding is not necessary.

#### Version:

System: Odour trap:

Waterproofing layer on the upper section: Waterproofing layer on the drain body:

Sealing water height:

125 included

Connection flange Press sealing flange (suitable for creating watertight seals) 50 mm

### General characteristics:

Nominal size (DN): Outer diameter (OD): Standard:	100 110 EN 1253-1
Dimensions: Length:	273 mm
Width:	273 mm
Tank: Number of outlets:	1 ST
Drain body:	
Material of drain body: Socket version:	Ecoguss vertical
Vertical adjustment: Upper section:	vertically adjustable upper section vertically adjustable
Coverage features:	
Type of cover:	Design cover Kessel
Grating design: Cover material:	304 stainless steel
Colour of cover:	silver
Max. flooring height: Load class:	16 mm L 15 (EN 1253-1)
Length:	120 mm
Width:	120 mm
Surface: Locking:	ground Lock & Lift
Grating:	
Rim length:	132 mm
Rim width:	132 mm

Shape of upper section: Upper section material:

Rim material:

square

304 stainless steel

ABS

Fire protection:

Highest fire protection standards are reached using the optionally available Fire-Kit and Quick-Fit
